Brief

Born 1961, Singapore, I enjoyed a humble career of diverse interests spanning 4 generations of computing* since 1981. I am active in global software projects, NGOs, and human development programmes. My passion is creative sharing of my vast technical experiences. I was featured on the cover of Star InTech, June 9, 2009. I am also author of 'Open Source ERP' published by Pearson and sold on Amazon.

Experience

Core Member of iDempiere Project, 2011 -

OSGi version of ADempiere. Converted Openbravo POS integration to OSGi plugin. Other plugins include Asset Maintenance, HR Payroll Management and WithHolding Tax.
